It's the inner values that count: Kitchens with character

A beautiful face charms at first sight. If the inner values are right, it can become a lasting relationship.

This is also the case with the new TA'OR-drawers and pull-outs: First you are captivated by the new front decors. Then a casual reach for the drawer. And suddenly a whole new world opens up, revealing the entire personality of your new kitchen. In striking contrast to the fronts- or in harmonious colours. A successful surprise in any case. One look. And it is love at first touch in timeless beauty and personal value!

10 exterior decors | 10 interior decors = 100 possibilities

Choose your favourite from the 100 different colour variations and make your Kuhlmann kitchen unique. Each of the ten decors can be combined as exterior and interior decors and can also be selected as a fixed colour or mixed.
